**Re:** Two New FishPAC Leadership Action Team Members

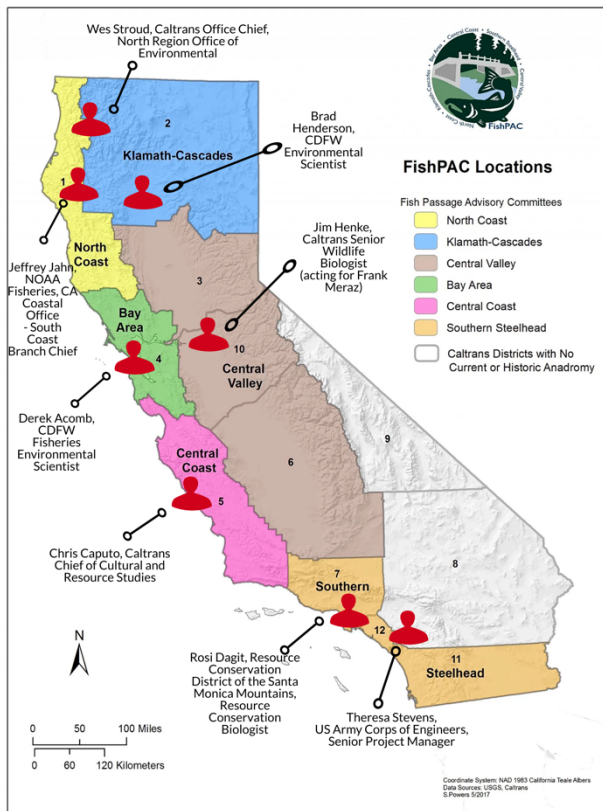

We are pleased to inform you that we have selected two new members of the Fish Passage Advisory Committee Leadership Action Team. The new members are:

- **Theresa Stevens**, US Army Corps of Engineers, Senior Project Manager
- **Jeffrey Jahn**, NOAA Fisheries, West Coast Region, California Coastal Office – Northern California, South Coast Branch Chief

## FishPAC Leadership Action Team

Updated 15 January 2021

These two new members join the existing FishPAC Leadership Action Team members:

- **Wes Stroud**, Caltrans Office Chief, North Region Office of Environmental
- **Brad Henderson**, CDFW Environmental Scientist
- **Derek Acomb**, CDFW Fisheries Environmental Scientist
- **Chris Caputo**, Caltrans Chief of Cultural and Resource Studies
- **Rosi Dagit**, Resource Conservation District of the Santa Monica Mountains, Resource Conservation Biologist
- **Jim Henke**, Caltrans Senior Wildlife Biologist (acting for Frank Meraz)

The mission of the FishPAC Leadership Action Team is to address complex challenges that FishPACs encounter related to fish passage barrier remediation, foster innovative engineering solutions, and incorporate sound science and data into FishPAC decisions. In addition, FLAT members assist in planning FishPAC meetings, assessing the status of FishPACs to provide support as needed, tracking progress made and challenges to advancing fish passage barrier remediation, and making recommendations as well as participating in the implementation of strategies that advance the goals of the FishPACs.

We would like to thank all those that took the time and made the effort to apply, and to all of you for your continued commitment to advance fish passage for the State of California.

We sincerely look forward to the progress we will make in 2021 with the new members of the FishPAC Leadership Action Team!
